

## Efficient Management Solutions

CMI is a proven provider of program management, facilities operations and maintenance, and records management and support services. From a single-focused project to multi-tiered program, CMI works directly with our clients to manage programs and projects with superior accuracy and customer satisfaction.

### Program Management

Our program management services span the complete management life-cycle and emphasize quality control and continuous process improvement. CMI's performance-driven program management approach streamlines operations, improves productivity, monitors progress, and controls quality.

### Facilities Operations and Maintenance (O&M)

CMI has more than 20 years of proven experience in all aspects of managing facilities and operations, ensuring that buildings are in exceptional working condition for employees to conduct mission critical tasks safely, comfortably, and without interruption. CMI manages buildings in a manner consistent with all applicable industry standards.

### Records Management

CMI is a quality provider of records management, ensuring critical information is secure and accessible. Our solution safeguards vital information, streamlines processes, accelerates decision making, minimizes litigation risks, and saves space and resources. CMI offers experience handling high volumes of critical information, strong leadership of complex projects across multiple sites and systems, and proven reliability through quantifiable measurement of expected results.

### Workforce Development

CMI is dedicated to building the nation's workforce and future management professionals by helping young adults prepare for and acquire successful careers. As a partner working onsite at one of the premier Job Corps sites in Jacksonville, Florida, CMI is part of a team that is actively engaged in training and preparing young individuals to meet the needs of future employers, industry trends, and labor market demands.

### Quality Focus

An ISO 9001:2000 registered company, we ensure efficient and reliable management with strict quality control processes that begin with employee hiring and continue through on-going personnel training. CMI provides continued quality improvement through regularly scheduled quality inspections that not only allow us to detect any problems and implement the appropriate corrective actions, but also provide the opportunity for us to identify potential risks and preventive measures, as well as highlight successful methodologies for continued program success.

#### About CMI
